Communists Give Warning To Quemoy

Islands' Defenders Told Shelling May Be Resumed Daily

TAIPEI, Formosa (AP) — The Communists warned defenders of the Quemoy today that they might resume shelling every day, the Chinese Nationalists reported. Red shore guns have been silent for four even-numbered days.

The warning broadcast by loudspeakers on the mainland did not make clear whether the supply areas on Quemoy would be shelled on even days. Since Oct. 25 the Reds have shelled the supply areas only on odd-numbered days.

Since today was an odd day the Nationalists on the offshore islands waited until Wednesday to see what Red gunners would do. Nothing was heard from Radio Peiping.

Radio Peiping announced 17 days ago that the landing beaches and airstrip on the Quemoyos would not be shelled on even days. It said the remainder of the offshore islands might be shelled on even days, however.

But in practice, Communist gunners have been inactive on the last four even days. The loudspeaker announcement could simply mean that areas other than the landing zones would now be bombarded on even days once more.

It could mean that the Communist alternate-day policy was being abandoned completely in favor of shelling the landing zones daily. Nationalist officials tended to doubt this since Peiping radio had not spoken up.

It was not immediately clear whether the commander of the Fukien coastal area facing the Quemoyos was personally responsible for the announcement carried by loudspeakers across the six miles of water separating Amoy from Quemoy.

The Nationalists took a wait-and-see attitude.

Communist bombardments have slackened off since the Nationalists counted 39,163 shells on Nov. 3. There has been no shelling at all during the last four even-numbered days, although by Communist ground rules only the supply landing area and airfield on Quemoy were supposed to be immune from bombardment on those days.

Meanwhile, a U.S. Defense Department team toured Formosa studying how effectively American military aid is being used.

The team of 11 officials is headed by Charles H. Shuff, deputy assistant secretary of defense for the U.S. military assistance program.

Reds Seize Jap Boats

TOKYO (AP) — Japan's Maritime Safety Board said today two Japanese fishing boats, with 24 men aboard, were seized Monday by Communist patrol boats about 100 miles southeast of the Red Chinese port of Tsingtao.

20 Arrested In Plot To Kill Ghana Premier

ACCRA, Ghana (AP) — The government accused 43 persons of plotting to kill Prime Minister Kwame Nkrumah and two of his ministers. Twenty were arrested and police hunted the other 23 today.

An official announcement Monday night said the group formed an underground movement known as "Zenith Seven." Its aim was said to be the violent overthrow of the regime following assassination of Nkrumah.

New Crisis Might Arise Over Berlin

Khrushchev Warns Of New Blockade, Repealing Of Rule

By THOMAS P. WHITNEY
AP Foreign News Analyst

If Nikita Khrushchev really means what he says about abrogating four-power rule in Berlin and freedom of transport between West Berlin and West Germany, there's going to be a new and dangerous international crisis.

The Western powers stood up to the Soviet Union 10 years ago on this issue and forced a Russian backdown with the successful air-lift.

So long as the Russians and their East German satellites only talk about blockading Berlin things will be all right. But if they try actually to interfere with Western control over West Berlin or transport and communications between West Germany and West Berlin, there will be real trouble.

And this time, in contrast to the Berlin blockade, the United States, France and Britain could count on the full support of a powerful West Germany in any countermeasures.

What Khrushchev said at the Polish-Russian friendship rally in the Lenin Stadium in Moscow Monday was plain enough.

He said four-power rule in Berlin should be ended. He said the agreements under which the West has been unhindered transport and communication rights between West Germany and West Berlin are obsolete and that the Communists should free themselves from them. He said the West should deal with East Germany directly on questions concerning East Berlin and stressed that the Soviet Union would consider an attack on East Germany as an attack on the Soviet Union.

This sounds menacing. If Khrushchev is really serious, then it would follow that the Russians will formally denounce four-power rule in Berlin and the agreements on which it is based, that the East Germans will interfere with surface and air transport into West Berlin and that the Soviet Union would regard any action of force by the West to break a blockade as an act of war.

The catch here is that, as Khrushchev no doubt knows, this would mean World War III. It seems questionable that he intends to start the world conflagration, at least in this way.

The West promptly let it be known that any Communist trouble over Berlin will be met with the same firmness shown at Que-

moy.

The U.S. State Department bluntly rejected Khrushchev's proposal. A spokesman quoted recent U.S. statements of readiness to fight for West Berlin.

Rep. Wilbur D. Mills (D-Ark.), Ways and Means Committee chairman, noted in a forecast of possible tax legislation published last September that "tax differentials and preferences now existing . . . cut our tax base by billions of dollars."

As areas of possible tax revision, Mills pinpointed the favorable tax treatment now afforded those who convert ordinary income to capital gains, allowances for depletion of natural resources like oil and coal, special rules favoring income of insurance companies, and the favorable tax treatment accorded farm and other cooperatives.

Teague, 65, is married and has a son. He will be a fulltime deputy, officials said. Davis resigned to resume full time duties with the steel firm's police force. He had worked on the sheriff's office staff for about two years.

Deputy Is Appointed In Hancock Vacancy

Hancock County commissioners have appointed a Weirton man to the staff of Sheriff Clayton Hobbs to fill a vacancy left by Deputy Paul Davis, who resigned last week.

He is Michael Joe Teague, a member of the Weirton Steel Co. police department for the past 18 years.

Midland Board Sets Inspection

New Heating Plant To Be Accepted

The Midland Board of Education decided at its meeting Monday evening at Lincoln High School to accept the new gymnasium's boiler heating system if it meets a satisfactory inspection next Monday at 10 a.m.

On the motion of Leslie Roach, his property committee was given authority to take out boiler insurance if the system meets approval.

John Shovlin, another member, will represent the board at the inspection, along with Robert F. Beatty, East Liverpool architect and a representative of the Mancine Plumbing & Heating Co. of Monaca.

THE REQUEST WAS made for permanent heat by next Saturday so that the structure can be completed according to schedule. There has been temporary heat now and then.

Insurance for the gymnasium will be studied at the board's next meeting Dec. 8 prior to the termination of the construction policy next month.

Name letters for the front of the building will arrive Thursday. Supt. Ralph H. Jewell will be present to consult about the spacing.

He recommended that a letter of thanks be sent to the Crucible Steel Co. which furnished the stainless steel letters.

The board accepted a \$1 token payment from the People's Natural Gas Co. and granted the utili-

a right-of-way to Woodlane Ave. along side the high school.

FORMERLY AN ALLEY, the street was given to the school district by the Borough and the company needed a right-of-way from the school district to lay any gas lines and to make pavement repairs.

Showlin reported a bid of the Bindley Fence & Equipment Co. of Sharpsburg, Pa., of \$145 for a 4-foot gate and for two gate posts for the fence around the football field. The gate recommendation was made at the last board meeting by William Walters, high school principal, as a safety measure to keep students from jumping over the fence.

The bid, which includes all materials and erection, was accepted.

MOTHERS of two high school boys were present to ask that something be done about a three-day expulsion period after a student's fourth tardiness. Both boys have returned to school. The board will study the problem and notify the mothers.

George Hamilton, basketball coach, was authorized to conduct basketball practice and intermural games between Grades 5,6,7 and 8 every Saturday morning for four hours for 15 weeks beginning Dec. 6. His pay will be \$2.50 an hour.

Supt. Jewell had a word of

thanks for the recent offer of Crucible Steel to continue paying a machinery tax the next five years, thereby benefiting the school district.

SUPT. JEWELL received the board's permission to attend the state Equalization Board at Harrisburg and learn whether machinery tax has been included in the valuation of the school district property. If so, he will ask that it be deleted to get higher state reimbursements.

The Midland school district is now receiving the state's minimum of \$1,000 for its teaching units, which amounts to about \$20,000 a year, while some other districts are getting \$100,000 to \$250,000.

Midland is now getting only about 17 per cent reimbursement on its teaching units and desires at least 25 per cent, Jewell commented.

HE SAID THE Midland school district has a \$19 million assessed value, a \$69 million market value and a replacement value of \$54 million. He will determine whether the reimbursement rate is made on the market value or replacement value.

BETWEEN MEETING orders placed by Supt. Jewell for \$596.97 were accepted to be paid. Nine-tenths of the orders, he explained, usually are for maintenance.

The report of the treasurer, Mrs. Eldamae Castelli, showing a balance on Oct. 31 of \$441,141.63, was accepted.

According to the tax collector's report, \$2,010.95 was deposited in October, leaving \$18,460.31 to be collected on the 1958 tax duplicate.

would mean we might have to cut back Jan. 1 to the same number of employees and the same wage rates that were in effect at the first of the year," President B. E. Warner commented.

As the city's appropriation ordinance is based on estimated income, figured mainly on past experience, some of the figures need to be revised near the end of the year to meet actual developments.

Here is how the income courses shape up, showing anticipated revenue, actual receipts through yesterday and any additional money received before the end of the year:

Sales tax, \$40,000 anticipated, \$31,958 actually received, with about \$3,000 more expected; cigarette tax, \$3,600 expected, \$3,758 received; inheritance tax, \$15,000 anticipated, \$23,164 received; admission tax, \$9,000 expected, \$5,779 received; liquor permits, \$29,000 anticipated, \$22,227 received.

Municipal Court, \$50,000 anticipated, \$62,801 received, with \$5,000 more expected; state health subsidy, \$1,550 expected, \$1,950 received; birth and death certificates, \$1,000 expected, \$2,190 received; parking meters, \$52,000 anticipated, \$54,369 collected, with at least \$8,000 more due, and property tax, \$119,850 expected, \$100,820 collected, with \$19,000 more due in final classified personal tax settlement.

A separate report was submitted on the income tax fund, including some tentative figures, which indicated that the money from this source virtually all will be spent or encumbered by the end of 1958.

Actual receipts from the tax total \$117,000 to date, although \$131,194 has been appropriated from this source, Gallimore reported. However, approximately \$20,000 more is expected in the final close-out of the tax office operations. They will include \$18,000 in the last installment of withholding taxes paid to the city by employers, plus about \$2,000 not expected until early next year from business and industrial operations.

Approximately \$2,000 more will be required, above the amount already appropriated, for miscellaneous expenses of the tax office and the salary of an employee retained into next year to close out the operation.

Subtracting actual and expected expenditures out of income tax revenues from the total anticipated yield leaves a favorable balance of approximately \$4,000.

However, Mayor Lawrence said he expects to re-examine the figures on income still anticipated from the tax. He said he believes it may be higher than the tax office estimate indicates.

Gallimore also submitted a report on all fund balances as of yesterday. They showed: General, \$20,548; garbage, \$1,542 overdrawn; swimming pool, \$185; relief, \$19,000; income tax, \$53,835; income tax note fund, \$11,000; street department, \$18,439; State Highway Department fund, \$8,599; bicycle licenses, \$558, and Civil Defense, \$536.

The income tax note fund is the balance left of the amount borrowed by the city to set up the tax machinery before any money actually was received. The State Highway Department fund represents a percentage of the street repair funds the city is required to set aside for work on state highways within the corporate limits.

After the long appraisal of the fiscal picture, both Council and the administration conceded that the city is in about the same financial status as it occupied at the first of the year when new city officials took over.

"I think we must decide whether to curtail some services now and save some money for 1959 or continue at the present level, which

Rep. Moore Gains In Official Count Of Hancock Vote

CANVASSING OF ballots in Hancock County's general election Nov. 4 has revealed Rep. Arch A. Moore, incumbent 1st District congressman, received 100 additional votes in the county, giving him a total of 6,071 instead of 5,971, officials reported today.

Moore defeated Robert H. Molohan of Fairmont, a Democrat. Molohan received 6,288 votes in Hancock.

Official tabulation of votes also added 70 to the total of Atty. Don Donell of Weirton, who was defeated for House of Delegates by Miss Callie Tsapis. The new total gave Donell 5,422 instead of 5,352. Miss Tsapis thus received 6,816 votes from County residents.

William C. Graham of Chester, who was re-elected county commissioner from Grant District for the third consecutive term, lost 3 votes to his Republican opponent, John Allison. Graham's total vote now stands at 7,141, to Allison's 4,691.

One of the amendments on the ballots also received an added 100 votes, officials said. Other changes were minor. Canvassing was completed Monday night by Donald Stewart, clerk, and Graham, Lyle Virden and Dave Thomas, commissioners.

5 Men Pass Wellsville Exam For Police List

The names of five men who passed a Wellsville Civil Service Commission exam were mailed to Mayor William J. Shoub following the grading of the papers Monday night.

As the meeting ended, the mayor and director accepted a suggestion from Warner that they give the problem a week's study, "review the whole picture" and be ready with specific recommendations at the meeting next Monday night.

Argentina's President Declares State Of Siege

BUENOS AIRES (AP)—President Arturo Frondizi declared a state of siege in Argentina today in a drastic bid to quell an oil workers' strike which he has branded a Communist-inspired insurrection.

Frondizi's action came as he faced mounting danger to his ambitious plan to make Argentina an oil-rich nation with the aid of foreign capital, mainly from U.S. oil companies.

Official tabulation of votes also added 70 to the total of Atty. Don Donell of Weirton, who was defeated for House of Delegates by Miss Callie Tsapis. The new total gave Donell 5,422 instead of 5,352. Miss Tsapis thus received 6,816 votes from County residents.

Ernest Foster, 85, Dies In Michigan

A jury for the trial of William F. Azdell of Harding Ave., accused of violating the city income tax ordinance, will report Friday at 9:30 a.m. in Municipal Court.

Twenty-four names were drawn Monday from the jury wheel and Alfie O. Earl Greenawalt began serving the prospective jurors.

Azdell is accused of failing to file an estimate of his income for the year before the July 15 deadline established by the ordinance.

The charges were filed against Azdell a couple of weeks ago and he asked a jury trial Oct. 29.

City Solicitor Joseph W. Cooper said last week that the repeal of the tax at the Nov. 4 general election will not stop prosecution of violators.

The prospective jurors:

Flora Altman, 624 Blackmore St.; Clifford J. Conley, 952 St. George St.; Sampson J. Hamilton, 942 Huston Ave.; Edward Lisk, 1755 Pennsylvania Ave.; Joseph W. Benes, 1428 Pennsylvania Ave.; William J. Bamer, 731 Minerva St.

Clarence D. Wright, 412 Blakely St.; Charles R. Dawson, 199 Baum St.; Lucinda Smith, 922 Peake St.; John T. Mountford, 2226 Harvey Ave.; Ann Delaney Smith, 921 St. George St.; Jay H. Glenn, 410 Vine St.

Nellie B. Heidel, 1233 Cora St.; Joseph H. Bloor, 918 Bradshaw Ave.; Stella A. Sayre, 310 Jackson St.; Jean Franklin, 1848½ Michigan Ave.; Delma Grace Gillespie, 925 Blaine St.; Charles G. Patterson, 530 Mulberry St.

Wanda Mae Schussler, 647 Spring Grove Ave.; John Wiley Barnes, 345 W. 6th St.; William Edward Adkins, 1845 Idaho Ave.; Harry H. Nellis, 401 Thompson Ave.; George Elmer Dunn, 446 1st Ave., and Wilma Blanche Orr, 1865 Lisbon St.

Hunting deer with long bow and arrows is now legal in West Virginia.

Services will be held Thursday at 2 p.m. at the Milo Brown Funeral Home in Grand Rapids with burial in Woodlawn Cemetery.

Friends may call at the funeral home.

Jury Slated For Trial Of City Tax Case

2 Brothers Fined \$5 In Destruction Case

Franko Thompson of near Pughtown and Charles G. Thompson of Cleveland were fined \$5 and costs by Squire Eugene Allison of Chester Monday night for destruction of property at Mineral Springs Park.

The brothers were arrested by Deputy Sheriff Arnie Durham on a complaint signed by the owners, Frank and Juanita Fuller, that they had driven a car around the park grounds, damaging the lawn, shelterhouse and a swing. The damage was covered by insurance, Squire Allison said.

The charges were filed against Azdell a couple of weeks ago and he asked a jury trial Oct. 29.

An incredibly low salary drove him from the classroom. He was forced to take a job elsewhere to make ends meet.

Alarming enough, this sort of thing is happening with increasing frequency. As a nation whose destiny depends on the development of brainpower, how can we afford to let it go on?

Khrushchev Will Not Be Pleased

The strongest of all reasons for keeping foreign policy out of political debate has appeared in Premier Khrushchev's elation over the Democratic landslide in the United States.

He believes the failure of the Eisenhower-Nixon effort to carry the day for a majority of Republican congressional candidates is a repudiation of the "hard" policy of Secretary of State Dulles.

"We look upon the results of the Democratic victory from the point of view of the possibility of improving Soviet-American relations," Khrushchev said to a Kremlin audience. "We hope the Democrats will change the foreign policy of the United States away from the brink of war. They should construct their policy with due regard for the existence of the Socialist camp."

Elsewhere, there was elation over the defeat of Sen. Knowland of California, who has been a relentless opponent of Red China. In many countries where Sen. Knowland has been criticized for his support of Nationalist China, there are bright expectations of a switch to a "soft" policy under the upsurging Democrats.

Premier Khrushchev and his hopeful allies in the fight to weaken the U.S. stand against appeasement of Communist aggressors do not understand the political system that makes up its words with deeds.

Everyone Is Duly Impressed

If all the things that are going to be done by the 86th Congress with its top-heavy Democratic majorities were lumped together and divided by two, they still would stagger the imaginations of the conservative Democrats who will be in charge on things.

Sam Rayburn, Speaker of the House, and Lyndon Johnson, majority leader of the Senate, must be peopled with amazement as they read from hour to hour the details of the mandate that winning Democrats are supposed to have been given by voters.

It must seem to them there was more truth than rancor in President Eisenhower's post-election remarks about the composite nature of the new faces that had come to view in the 1958 elections — that they looked like spenders to him.

He spoke with special conviction about this, because one of the faces that was not exactly new but was winning its first full term in the Senate — Proxmire of Wisconsin — is credited with introducing bills in a few months after being elected to Joseph McCarthy's unexpired term that would have cost the federal government upward of 23 billion dollars. He was a one-man spending gang.

This will be the interesting thing to watch

it possible to debate foreign policy without coming to a vote of confidence.

They will be unpleasantly surprised if they think the 1958 election is going to have any effect on the Dulles doctrine: Do not trust the Kremlin any farther than you could throw Khrushchev.

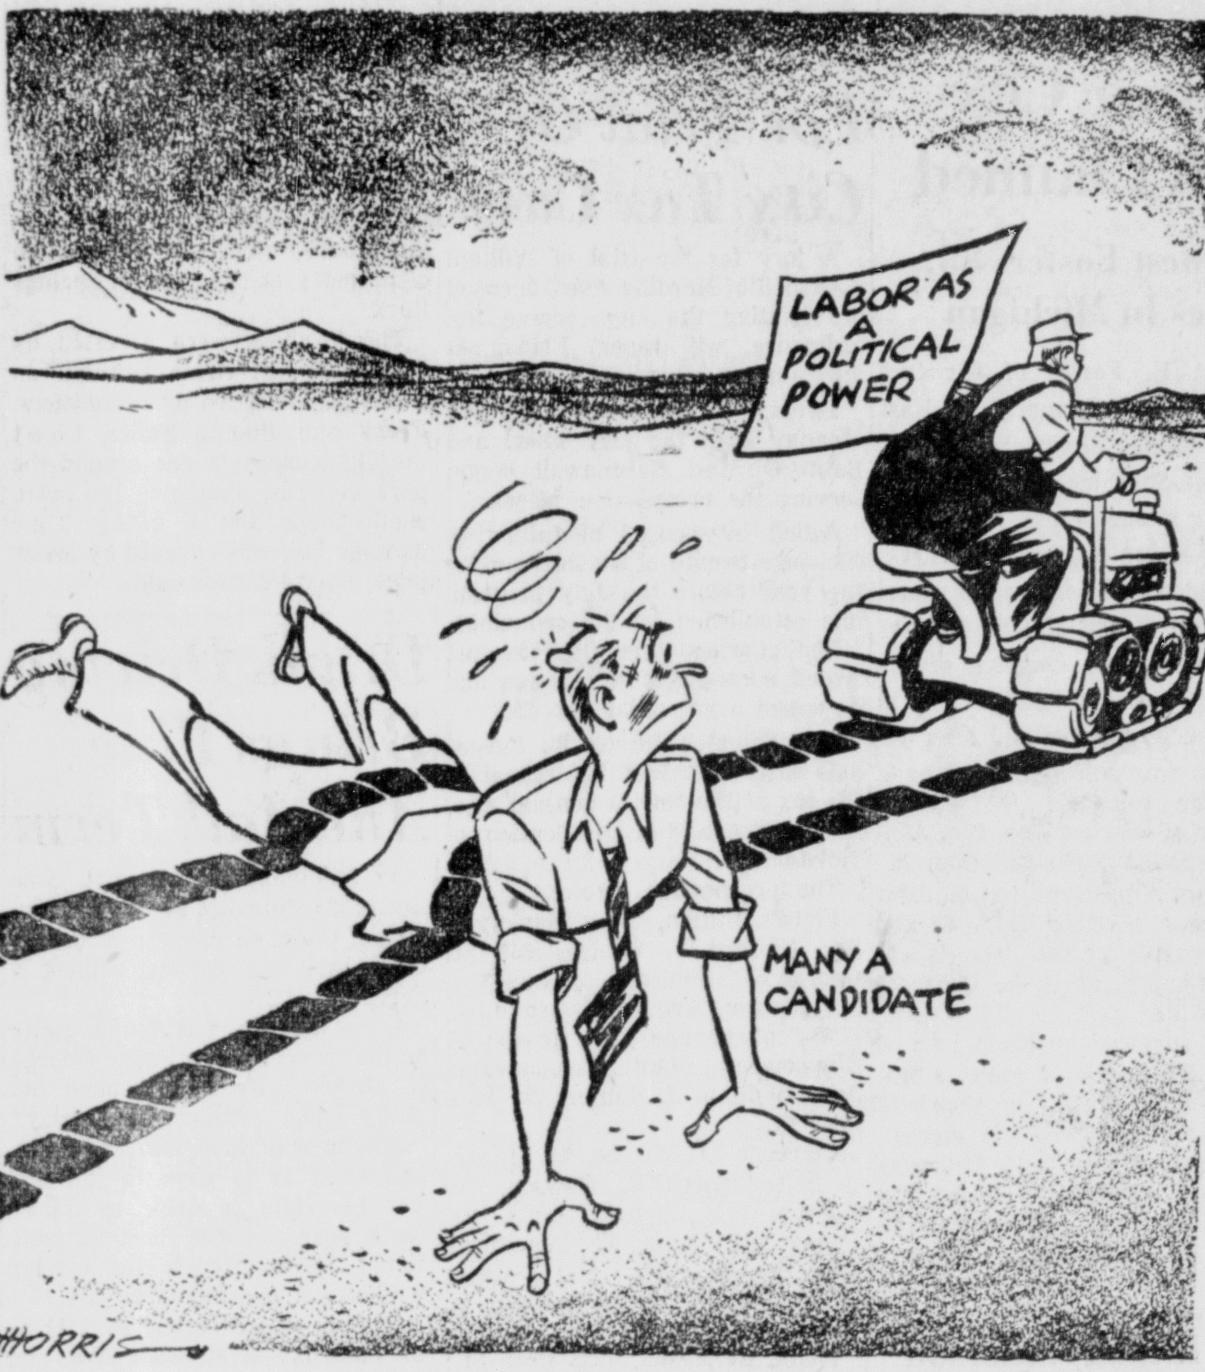

It soon will have been 25 years (Nov. 16, 1933) since an American president who thought an election had given him a mandate to make overtures to the Kremlin rigged U.S. recognition of Stalin's despotic state. Franklin D. Roosevelt explained to his countrymen that a spokesman for the Kremlin (Maxim Litvinov) had assured him there would be no more interference by Communists in U.S. domestic affairs and that U.S. citizens in Russia would enjoy freedom of conscience and religious liberty.

The assurances vanished with the wind, as did Litvinov.

Politicians like to talk in campaigns, and there is no way to stop them, even when they talk about foreign policy. But Premier Khrushchev has a long time to wait before political oratory can persuade Americans to take the Communist conspiracy at its word.

Any time the Soviet Union wants to establish the confidence it says the United States should give it, all it has to do is back up its words with deeds.

In the 86th Congress — this contest for influence between spenders and savers.

It is the issue that will replace the two parties as the basis for congressional division. Spenders are in both parties. Savers are in both parties. But because so many of the Democratic savers are high-seniority Southern Democrats holding committee chairmanships, savers will have an advantage.

They also have been offered the full cooperation of President Eisenhower, who says he has rediscovered saving as a popular political policy.

The savers are in a deeply entrenched position, in other words, which explains why so much is being said currently by the spenders about what they intend to do when they descend on Washington in January. It is a skirmish in the legislative war of nerves that will be the biggest news in politics from now until the next Congressional turnover in 1960.

The Democratic leadership of Congress, predominantly Southern and predominantly conservative, is being challenged in advance by the Democratic party's recruits and their labor union backers. There are going to be more things for the Democratic majority to split up about than civil rights in the next two years.

'Make Way For A Lion'

By James Marlow

WASHINGTON

Edmund G. Brown has just won the governorship of California but he won't—or maybe it's his publicity man who won't—win any prize for modesty.

As soon as this Democrat beat Republican William Knowland in last Tuesday's election his headquarters bombarded Washington newsmen with airmail, special delivery letters on his victory, new power and splendid qualities.

Brown's win over Knowland pushed him into national prominence for the first time; he hasn't yet moved into the governor's office to show what he can do; but these letters were like telling the big-name political tigers in his party:

"Make way, boys, for a lion."

The tigers may be impressed or they may think that for sheer gall newcomer Brown—or his publicity man—is in a class by himself.

In one sentence the letters denied Brown has any ambitions for the Democratic presidential nomination in 1960, in the next said he'd probably be California's "favorite son" candidate, and then wound up with this unabashed phrase:

"...Brown's moderation and his ability to weld conflicting interests make California's governor-elect a leading contender for national political leadership in the Democratic party."

Whoever wrote the letters is no newcomer to political doubletalk, which is a special kind of jargon intended to please everybody a party.

Having touched enough to raise \$40,000, making the guided missiles of sufficient history to be recorded.

In his first letter, Beck said:

"I address this letter to you because I have tried every other avenue open to me without success. I am addressing letters to my friends with whom I have been associated for many years, confident that I am not abusing friendship and hopeful that I will not be misunderstood."

"I must borrow \$150,000 to pay attorneys and accountant fees which I have committed myself to pay in full on or before Jan. 15, 1959. I would appreciate your loaning me \$1,000 to \$5,000 for a period not to exceed two years."

"I never anticipated that I would not be able to borrow this money from commercial banks where I have borrowed many times greater amounts and never failed to meet payment schedules."

Why is it that outraged male opinion, which drove those unsightly sack dresses into the ragbags, is remaining sweetly silent about the new monstrosities that make women look as if they had been thrust into a feed bag head first and the bag tied around their knees?

Nothing strikes me as less surprising than one more story about one more football player who received the going rate of pay for making some college coach look like a genius. I find this no more reprehensible than the practice of giving scholarships to whiz kids to make college professors look like geniuses.

With no specific assurance that it can be done, I am confident that electronics will make it possible to get rid of today's intricate maze of telephone wires. Eventually, each one of us will be assigned a lifetime wave length and will have his own miniature "walkie-talkie."

With two exceptions, the wives of public figures on the political vanguard in this country during my span of recollection have looked like living dolls, leading me to wonder if there is a screening board for helpmeets.

Having cried and wailed throughout the summer about the lousiest weather I can remember, I believe it is only decent for me to acknowledge that this has been the best fall weather I can remember — perfect autumn.

Integration Barrier

Integration Seen Destiny Of Nation

David Lawrence

House of Repre-

sentatives.

It was a very grim, cruel fact

indeed. But we face one today just as harsh, and we flinch before it as Americans flinched in 1858. It is this: That once the Negro is as well educated, as well mannered, as well paid, as well dressed and well guided as the white man, once the colored race has become socially, economically and culturally the absolute equal of the white race, as it must become if we carry out the precepts of the Declaration of Independence, then intermarriage will become frequent.

Responsibility for the political tragedy rests to no small extent upon those outside critics who have provoked bitter resentments among the people of Arkansas.

It is not, for instance, a demonstration of the defiance of the law of the land—as one Northern critic called it last week—when the people of a district, by their votes, express themselves against integration or on any issue, no matter how controversial it may be.

It is this sort of extremism that has made the well-intentioned course of Brooks Hays as a "moderate" doubly difficult with his own people.

But the generation of 1958 must accept this hard, grim fact, not evade it, and must make plans for meeting it.

"What plans? In broad terms, we must plan, North and South, to raise the Negro race to a plane in character, cultivation and manners where it will be entirely fit to intermarry with the white race.

THE RESENTMENT of the voters of Arkansas has been intensified by what they regard as an unwillingness of people in other parts of the country to take into account the fears of the people of the South, especially the women folks, concerning the possible consequences of school integration.

When will the tragic dispute over desegregation be viewed realistically everywhere, and when will the fears that lie deep in the hearts of the Southern people be fully understood, and the underlying facts of the controversy itself be revealed?

Certainly not as long as news about the conflict is suppressed, or public discussion is squelched, or the feelings of the people of the South are disregarded on the all-important subject of social life in the schools and possible intermarriage — the true barrier to integration.

On this very point, a significant speech was made recently by Allan Nevins, long-time professor of American history at Columbia University, a two-time Pulitzer Prize winner, and one of Adlai Stevenson's advisers in the last presidential campaign.

There is a feeling in the South that if the problem of integrated schools has a sociological aspect — as the Supreme Court of the United States ruled in 1954 — then it is not fair to take into account some sociological factors and ignore the others.

Hence Professor Nevins' remarks, while delivered with the object of promoting acceptance of integration, will serve also to underline the true objections of the opponents of integration.

Canton Woman Speaks**Parent-Teacher Service
Stressed During Meeting**

The Ohio Congress of Parent-Teacher Organizations was instrumental in promoting the ban on fireworks, providing scholarships, enforcing child labor laws and serving hot lunches for school children," Mrs. J. L. Sauer of Canton pointed out when she spoke at the meeting of the City PTA Federation Monday night in the library of Westgate School.

Mrs. Sauer is president of the Stark County PTA Council and state chairman of reading and library service.

She urged affiliation with the National Congress, "since it is the largest organization representing American education, being non-political, non-commercial and non-sectarian." She quoted its true objective as "establishment of friendly relationship, rather than monetary gain."

Mrs. Sauer presided as moderator for a panel consisting of Mrs. Carl Mack and Mrs. Austen Moore of LaCroft and Mrs. William Gibbs and Douglas Manning of Lincoln.

Mrs. Ruth Diddle and Mrs.

Nelson Wright were program co-chairmen. Mrs. Lester Hall, president, asked the representatives to present the desire for affiliation with the National Congress before the individual units. Supt. Ralph W. Bettis reported that Glenmoor, LaCroft, Westgate and Pleasant Heights are now members.

Mrs. Don Alexander read the secretary's report and Mrs. Ruth Armstrong the treasury report. The attendance award was won by Westgate School with seven delegates and members present. Others represented were Lincoln, Pleasant Heights, LaCroft, Klondyke, Taft, Horace Mann, McKinley and Glenmoor.

The next meeting will be Jan. 12, when a panel discussion on school and home discipline will be featured.

A coffee hour followed in the cafeteria last night, with the hospitality committee in charge. Mrs. Marvin Kinsey, chairman, was assisted by Mrs. Robert Bernstorf, Mrs. Donald Baxter, Mrs. Dorothy Bjers, Mrs. Thelma Stanley and Mrs. Betty Hager.

Would Expand Top Jobs**Bridges' Counter Proposal
Dims GOP Liberals' Fire**

WASHINGTON (AP) — A counter proposal by Sen. Styles Bridges (R-NH) took some of the fire out of a growing revolt by the Senate's Republican liberals today.

With the liberals demanding a greater voice in Republican affairs, Bridges proposed to expand the GOP leadership jobs to three and include a liberal in one of the posts.

The New Hampshire senator said in a telephone interview he will discuss his proposal with President Eisenhower and Vice President Nixon next month.

Bridges, who heads the GOP Policy Committee, announced also he will support a move to give Republican newcomers—as well as holdover liberals—at least one important committee assignment each.

In the past, new GOP senators have been relegated to membership on minor committees, with assignments made on a basis of strict seniority. Under the leadership of Sen. Lyndon B. Johnson of Texas, Democrats have modified the seniority custom to put each

new member on at least one top flight committee.

If it is adopted, the Bridges proposal would give such new senators as Kenneth B. Keating of New York and Hugh Scott of Pennsylvania important posts at the beginning of their Senate careers.

It also would move up to more important committee jobs members like Sen. Jacob K. Javits of New York and Sen. Thruston B. Morton of Kentucky, who were elected two years ago.

The possibility of harvesting choice committee assignments seemed likely to ease some of the liberals' other complaints against the solidly conservative GOP Senate leadership.

Apparently lacking the votes to keep Sen. Everett Dirksen of Illinois from succeeding Sen. William F. Knowland as GOP leader, the liberal had been working quietly to pick off second place in the lineup. Their goal was to place one of their number in the group that confers weekly with Eisenhower on legislative matters.

It remains to be seen whether the liberals will settle for a third-string job without a fight.

**Mother Charged
With Murder Of
Infant Daughter**

HOUSTON (AP)—Police charged a young mother with murder early today in the death of her 4-week-old daughter, one of three children in the family who have died since 1956 of what was listed as pneumonia.

They accused Mrs. Iris Conrad, 19, of suburban Bellaire with killing the infant by "throwing her down on the floor." The child, Lynda Conrad, died Nov. 2.

Bellaire Police Chief Jack O'Brien would say only that "a statement was made and a charge was filed."

Authorities questioned the woman for about 10 hours before the charge was filed shortly after midnight.

Mrs. Conrad's attorney, William M. Hatten, said "the whole thing has been instigated by the insurance companies."

He said \$750 was paid by an insurance company after the death of another Conrad child last May, but that there was no insurance on Lynda. The couple has one living child, Robert, 4.

Others who died include Richard, 3 months, and George Jr., 9 months. Richard died Oct. 29, 1956, and George last May 15.

Mrs. Conrad told investigators in May that George died shortly after she found Robert stomping the baby on her living room floor.

Peace Justice W. C. Ragan said he would not set bond until Mrs. Conrad has been examined by the Harris County psychiatrist.

**Delay Marks
Jury Hearing
Into Gambling**

Jury trials for two men charged with gambling have been continued indefinitely because one of the defense attorneys is currently representing two of the defendants in the police burglary trial under way at Lisbon.

The trial of Harry S. Pease of near Rogers and Alfred Nitsche, 820 Ohio Ave., Midland, was to have started Thursday in Municipal Court. They are accused of alleged booking of horse bets at the Village Green tavern, where Pease is the permitholder and Nitsche the operator.

A list of prospective jurors was scheduled to be drawn Monday, but was postponed when Solicitor Joseph W. Cooper advised Clerk Harold L. Powell the case would have to be continued.

Atty. Hugo Alexander of Steubenville, one of three defense counsels for the two men, is representing two defendants accused of burglarizing the Burbick Hardware Store. The burglary case opened Monday in Common Pleas Court at Lisbon.

Pease and Nitsche were taken into custody Sept. 30 after a week's undercover investigation by two agents of the State Liquor Control Board. Judge George L. Brokaw will hear defense arguments to suppress evidence seized by the state agents before the trials begin. The evidence includes horse bet tickets from Waterford Park, a \$10 bill and other printed matter.

**Firm Presses
Building Job
On Ware Plant**

The entire building program started in August by the Sterling China Co. at Wellsville should be completed in about a month, William Pomeroy, president, said today.

The factory portion will be ready in about 10 days to two weeks, while the office portion will be finished in about 30-days, he said.

The new brick, one-story buildings face on Commerce St. at the front of the present facilities. The Potters Construction Co. is general contractor.

The new plant will add some 22,000 square feet to present facilities. It will be used to stock ware as a part of the "Sterling Vogue Collection" program adopted by the firm in August. The program will enable Sterling dealers to promise immediate shipment from stock from a wide choice of some 19 patterns embodying a wide choice of body colors, shapes and decoration and covering the complete price range.

The move was made in a bid for increased sales through faster filling of orders, Pomeroy said. The new office portion will provide 3,500 additional square feet of space. The new office adjoins the old facilities, which will be used for clerical work.

The new building, measuring 80-x-45-feet, will house the executive offices. It will be air conditioned. The front will be "open" with large plate glass windows.

**More Expense Reports
Filed In Election Issues**

Two more committees supporting candidates and issues filed expense reports Monday with the County Election Board.

"It's Time For A Change" committee, which supported Democratic candidates for county offices, reported receipts and expenses of \$472.70. Robert S. Blackburn of Columbiana, chairman, filed the report.

Salineville Council reported no expenses in supporting a 1-mill cemetery maintenance levy, which was defeated.

**City Awards Contract
For Fire Station Work**

Floyd Cox of Campground Rd. has been awarded a contract for replacing and repairing doors at Central Fire Station, Safety-Servic Director Dan Maggianetti said today.

Cox received the contract from the Board of Control on his low bid of \$3,894. The only other bidder was the Potters Construction Co., which asked \$3,977.

The city will install new overhead doors and a set of folding doors on the Broadway side of the building, install a new overhead door on the St. Clair Ave. side and close up the other overhead door with brick and glass.

Killed In Accident

LORAIN, Ohio (AP)—Eldon E. Edwards, 33, of Lorain was killed Monday at the Vermilion Valley Plaza of the Ohio Turnpike when a dumb waiter which he was repairing fell on him.

Mrs. Conrad's attorney, William M. Hatten, said "the whole thing has been instigated by the insurance companies."

He said \$750 was paid by an insurance company after the death of another Conrad child last May, but that there was no insurance on Lynda. The couple has one living child, Robert, 4.

Others who died include Richard, 3 months, and George Jr., 9 months. Richard died Oct. 29, 1956, and George last May 15.

Mrs. Conrad told investigators in May that George died shortly after she found Robert stomping the baby on her living room floor.

Peace Justice W. C. Ragan said he would not set bond until Mrs. Conrad has been examined by the Harris County psychiatrist.

Following School Bombing**

MORGANTOWN (AP) — Monongalia County authorities were faced today with the task of obtaining classroom facilities for 240 pupils who go to the bomb-shattered schoolhouse at nearby Osage.

The Veterans Day holiday permitted the students to remain home today after an early morning explosion, followed by a shock wave, routed fearful residents from their beds yesterday.

An expertly rigged dynamite bomb exploded inside the schoolhouse where whites and Negroes began attending classes together without incident three years ago. Pupils did not attend the school yesterday.

School and local law enforcement officials said no evidence was found to link Monday's bombing with racial conflict. The pre-dawn blast aroused speculation in this northern West Virginia coal region that it may have been the aftermath of school bombings in the south attributed to segregationists.

About 20 FBI men, including demolition and fingerprint experts from Washington, swarmed to Osage. About 400 persons reside there, mostly Negroes.

Visitations were held in the classrooms with the teachers. Refreshments followed.

Seniors participating in the Veterans Day program were Jerry Linger, Cynthia Pinney, Doris Bourne, Clifford Stone, Jane Hoyt, Brenda Freeman and Linda Covert, who sang "God Bless America."

At Ohio Farm Meeting

Right-To-Work Proposal Has 'Popped Up' Again

COLUMBUS, Ohio (AP) — The so-called right to work issue has reappeared—at the 40th annual meeting of the Ohio Farm Bureau Federation.

Ferris Owen of Newark, vice president of the federation, was removed from his post as chairman of its policy development committee Monday because of his part in the campaign. The number of trustees who voted for his removal was not revealed.

While the federation remained neutral on Issue No. 2, Owen expressed opposition. Although he stressed that his views were personal and emphasized the federation's neutrality, the organization became associated with the controversy, a federation spokesman asserted.

H. D. Heckathorn of Forest (Hardin County) assumed the chairmanship.

At the same time, and apparently as a result, trustees announced this resolution:

"It shall be the policy of the federation that no board member,

Rocket Would Never Return**Army Plans Shot At Moon To Make Man-Made Planet**

By ALTON BLAKESLEE
Associated Press Science Writer

The Army plans to shoot a rocket right at the moon and create a man-made planet, Dr. Werner von Braun said today.

And the German-born rocket genius predicts "it has a one in two chance of doing just that."

The rocket would never come back.

It would escape from the earth's gravity and be captured by the sun's gravity. Falling into an orbit around the sun, it would become a 30-pound baby planet, revolving around the sun much like the Earth, Mars and Jupiter.

The first attempt probably will be made in the first week of December.

It will be the first of two moon-probe shots by the Army.

The Air Force has so far launched three probes. One soared about 79,000 miles of the 239,000 to the moon in October, then was tugged back by earth's gravity to burn up in our atmosphere.

The Army plans to shoot its probe at such high speed that it will go past the moon and forever escape from the earth. It might pass within 10 to 50 thousand miles of the moon.

It would soar millions of miles beyond earth and the moon until the sun's gravity pulled it into some yet unpredictable orbit around the sun.

Some details of the Army moon-probe plans became known here informally at a space symposium attended by 700 space and medical scientists. The symposium is sponsored by the Air Force's School of Aviation Medicine and arranged

by Southwest Research Institute. The Air Force probes were designed—and given some control—to swing them around the moon once, or into a steady orbit around the moon, or near the moon and then home again.

The Army plan is in a large sense much less difficult.

The small fourth-stage of a multi-stage rocket has to be given an initial speed of 25,500 miles an hour or better. That is the escape velocity to get it forever away from the earth.

The earth's gravity pull gets weaker and weaker the farther you go away from the earth and for practical purposes the rocket can escape from any real influence of terrestrial gravity.

The rocket would speed up when it fell under the influence of the sun's gravity and take up its orbit around the sun.

This is presuming it doesn't hit the moon, even if aimed directly for it.

Hitting the moon without guidance control inside the probe would be fantastically difficult. That is partly why Von Braun gave it a one in two chance of escaping to become a planet.

Army experts indicated they would not be unhappy if the probe did hit the moon. It will be sterilized to prevent contaminating the moon with earthly germs if that did happen.

The probe will carry instruments to report particularly on the mysterious band of radiation recently discovered high above the earth. It is designed to give full reports on how far this radiation extends.

Chester Chief Given Scroll For Service

Chester Police Chief Floyd Lyons was presented a scroll for 30 years service to the community during a Chester High School student assembly Monday afternoon.

The scroll was presented by American Legion Post 121, through its commander, Dale Allison. Lyons, 64, was employed at the Chester Cord Tire Co. prior to becoming an officer.

He is a native of Hookstown. He is married and has a son and daughter.

The assembly program was held in observance of Veterans Day, with the senior class in charge. The Rev. E. D. Gleaton of the First Christian Church was guest speaker.

Jerry Linger, class president, presided. Glen Stanley led a responsive reading. Others taking part were Cynthia Pinney, Doris Bourne, Clifford Stone, Jane Hoyt and Brenda Freeman.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work—plus truly a beautiful floor.

Loren Ruff, county elementary school supervisor, outlined the elementary curriculum guide, and a discussion was held by Ruff, County Supt. James McBride, George VanHorne, Beaver Local executive head, and board members.

The board will hear a discussion of the high school curriculum at the next meeting Nov. 24. The board plans to set aside a part of every meeting to a study of subjects and methods to better acquaint themselves with the academic program. The procedure was set up at a meeting last month when a member suggested the board's interest should go beyond business and financial matters.

The board accepted the resignation of Miss Barbara Desher, fifth grade teacher at the public school.

The budget allotment for cafeteria revenue and supplies was revised following a report from Harry Greenwood, clerk, that the income from the cafeteria was exceeding the anticipated revenue. He said the income for the year would probably amount to \$90,000.

Pay for substitute janitors was increased from \$1 to \$1.25 an hour.

Payments in old age pension, health care under the aid for the aged program and aid to dependent children amounted to \$1,162.87 to individuals in the county, the report disclosed.

LISBON — The village Board of Education met Monday evening with a representative of Kling & Frost, Youngstown architects, to go over plans for six new rooms to be added to the Lincoln School.

The representative said the firm will try to have the plans completed by Jan. 15 so that bidding can be advertised and opened in March, if possible.

The board hopes to have the new rooms completed by September 1959.

The project was made possible by a \$135,000 bond issue approved in the Nov. 4 election.

Mobile Unit Due Thursday**Wellsville And City To See Atoms For Peace Exhibit**

The "Atoms for Peace" mobile exhibit, the latest project of the Atomic Energy Commission, will arrive in Wellsville Thursday morning for display from noon until 8 p.m.

The exhibit will be in East Liverpool Friday and Saturday at the same hours.

The Wellsville and East Liverpool Junior Chambers of Commerce are making arrangements for the free exhibit, which is housed in a walk-through bus-type vehicle and contains panels and models explaining the basic principles of atomic energy and its uses.

At Wellsville, the unit will be parked at the Public Square at 4th St. In East Liverpool it will be on the Diamond. Ralph Fusco is chairman of the project in Wellsville and Patrolman William McDaniel is in charge in East Liverpool.

Invitations are being sent to district schools for pupils visit the exhibits.

One of the displays is an animated panel, operated by the spectator, showing how a nuclear reactor using atomic fuel can produce heat to convert water into steam, just as a standard furnace does. The steam, in turn, activates a turbine and generator to produce electricity.

District residents should particularly be interested in this as it is the principle used at the Ship-

Jury Requires Only Alternate**Panel Of 12 Seated In Burbick Burglary**

Only selection of an alternate juror remains to start the trial Wednesday of two former city policemen and an ex-special officer in the burglary of the Burbick Hardware store.

Court was closed today for Veterans Day.

A large number of prospective jurors were exhausted before a panel of 12 was seated in Common Pleas Court at Lisbon Monday night at 8:30 p.m. to try Ira Cunningham and Robert Carroll, former officers, and Jerry Raimond, former special, who were indicted in 1956.

Ten prospective jurors were served with summonses late Monday night by sheriff's deputies and it is expected that one will be seated as the alternate tomorrow.

The jury then is expected to visit the Burbick store as soon as the alternate is seated and sworn in by Judge Raymond S. Buzzard. The panel will return and opening statements made and witness- es will be called for the start of the trial.

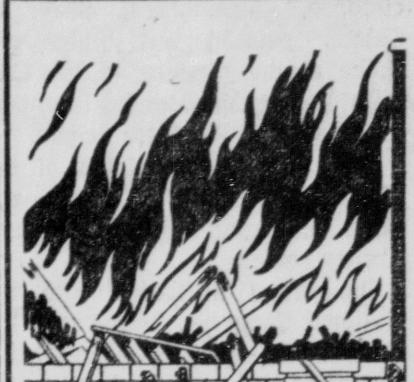

The twelve-member panel includes Genevieve Wolf of Wellsville, Naomi McKay, Elizabeth M. Cross and B. S. Kupka of Salem, Mable S. Stuckey and Lloyd DeSellem of Lisbon, Donald Hirst of Salineville, Harold Brubaker of Leetonia, Dorothy Engle of East Rochester, Irma R. Wilson of Columbiana, Raymond Marlott of Signal and O. F. Lisbon Delays Appointments Of 2 Firemen

Department Friction Cited By Mayor In Report To Council

LISBON — A proposed appointment of two regular firemen was delayed Monday night at a meeting of council, following a lengthy discussion on the issue.

Mayor John Todd refused to appoint Paul Kuhns of N. Market St., operator of Kuhn's Hardware, and Dean Senanefes of E. Washington St., operator of the Top Hat Tavern.

The mayor said there is "friction" in the fire department and he will not make any appointment until the matter is resolved.

Kuhns and Senanefes have been serving as firemen for several months, and both completed the firemen's training school in August. Council reported the fire department has been below full strength of 21 men for several years.

Councilman Robert Kelm reported five Council members were in favor of the appointments at an informal meeting following the regular Council session Oct. 27.

A request from Gerald Sanders, former councilman, for payment of services as a firemen while he was on Council in 1956-57 was rejected by Council, although Councilman Richard Bloor has received compensation for fire calls for the first six months of this year. Sanders is seeking \$119 for fire calls.

Councilman Bloor declared he did not want to violate any law which would prohibit councilmen from receiving pay as firemen, but Council agreed to wait to see what action would result.

Council authorized repairs for spouting on the Village Hall, following reports water has been draining into nearby cellars.

In other action, Council authorized a change in the telephone system for the police and fire departments by which duplicate phones will be installed in the County Jail.

Jail authorities will answer the phones on the occasions when there are no officers at the Village Hall. The fire siren is now sounded at the jail by the sheriff's office.

Mayor Todd reported fines and costs in October totaled \$912. He received \$643 from State Highway Patrol cases, \$134 in village fines and costs and \$133 from parking meter violations.

The purchase of a lock was authorized for the Ground Observer Corps post at the stadium where supplies still are stored.

The police committee reported a recommendation has been made for all off-duty officers to be called out in event of a fire to be used for traffic control. Officers working at night are to report faulty parking meters.

The next meeting will be Nov. 24.

Commissions Due Interim Officials

Secretary of State Ted W. Brown notified the County Election Board Monday afternoon that commissions for two men elected to unexpired terms in county offices Nov. 4 will be mailed from Columbus Wednesday and will arrive in Lisbon in time for the officials-elect to take oaths of office Friday, if they wish.

The commissions are destined for R. Max Gard of Lisbon R. D. 4, a Democrat named to an unexpired term as commissioner over Richard G. Brian of East Liverpool, Republican, and Carl L. Stacey of Columbiana, who won out over John W. Peterson for clerk of courts. Peterson also is a Republican interim appointed defeated by a Democratic contender.

Both terms end Jan. 1, 1961. The two new officials are expected to begin their duties officially on Monday, first work day of a new pay period. The pay period for the first half of November ends Saturday and the two present officials are expected to serve through that date, although their successors also will be on hand.

County Judge Fines 2 In Traffic Violations

LISBON — Two motorists were fined \$15 and costs Monday by County Judge Samuel Crawford.

Irvin M. Stillerman, 35, of Youngstown was assessed \$100 and costs for operating a truck while his highway use tax stamp was under suspension.

Richard A. Ameling, 22, of Kensington R. D. 1 was fined \$15 and costs for failing to stop within the assured clear distance. He was involved in an accident.

Both were cited by the State Highway Patrol.

Newell Driver Jailed In Lieu Of \$125 Bond

Buddy G. Mercer, 23, of Newell was lodged in the Hancock County Jail at New Cumberland today when unable to post a \$125 bond Monday before Squire John D. Heron on a charge of driving while intoxicated.

A hearing was set for next Monday following arrival of a report on blood test samples from a state authorities, officials said. He was cited by West Virginia State Police.

No 'Armistice' For City's Veterans

While the city paused today to honor those who already have served, many veterans continued to prepare themselves, a n d train new recruits, to defend the country again should the "cold" war turn "hot."

The veterans remain active in Army, Navy and Marine reserve units like the city's Co. A, 778th Tank Battalion of the 83rd Division.

The holiday is Veterans Day, formerly called Armistice Day, which began with the signing of the cease fire in the forest in Compiegne, France, 40 years ago today.

It was supposed to have been the "War to end all Wars" but there have been 25 conflicts of varying importance in those four decades — and the "Cold War" continues.

Windfall Seen In Bond Issue

Borrowing Reduced For Sewage Plant

Council Monday night authorized action to convert into 20-year bonds \$200,000 of the \$300,000 in city notes issued in 1957 to complete financing of the sewage disposal system, quietly bringing to light the fact the city will have to borrow \$100,000 less than anticipated for the project.

Solicitor Joseph W. Cooper explained that the borrowing is \$100,000 less than expected mainly because the original bond legislation provided for \$39,000 a year to operate the plant, but the funds were not required over a period of about 18 months because the plant was not in operation until early this year.

The \$39,000-a-year "overage" was applied to retire the notes, which means the \$100,000 will not need to be borrowed on long-term bonds, he said. In addition, the city realized some additional money by drawing interest on funds being held for the plant construction, but not needed immediately, he explained.

City Auditor H. J. Gallimore announced he will accept bids on the issue until Dec. 4 from investment houses. Council will meet in special session that night to consider legislation awarding the bond issue to the firm making the lowest bid.

Originally, Council authorized a \$500,000 note issue, but only \$300,000 of the borrowing power was used. Previously, mortgage revenue bonds were sold to finance earlier stages of the project.

The legislation provides that 200 bonds will be sold, each of \$1,000 denomination. They will mature at the rate of \$10,000 annually from Dec. 1, 1960, through Dec. 1, 1979.

Two East Liverpool boys, 14 and 16, were placed on probation Monday by Juvenile Judge Louis Tobin for stealing \$25 from the Ridleberry Grocery on W. 9th St. Friday.

They were fined \$10 each and must earn the money and it will go to a charity designated by their parents. They are not to associate with each other, must be at home each night by 9 and attend church each Sunday.

Judge Tobin also placed a 16-year-old East Liverpool boy on probation for breaking into a home and taking four hub caps in August. He was placed on a 9 p.m. curfew and is not to associate with two adults he was with in the theft.

Judge Tobin said all three boys have no previous records.

Miss Evelyn Swiger Weds Wellsville Man At Weirton

At a quiet ceremony Saturday night at 6:30 o'clock, Miss Evelyn Swiger, daughter of Mr. and Mrs. Grover Swiger of Weirton, became the bride of William J. Zoellers, son of Mr. and Mrs. William C. Zoellers of Wellsville R. D. 1.

The double ring ceremony was performed by the Rev. A. R. Mansberger, pastor, at the First Methodist Church of Weirton.

Given in marriage by her father, the bride was attired in a ballerina length gown of rosepoint lace over taffeta. Her fingertip veil of French illusion was attached to a crown of pearls and sequins. She carried a white Bible topped with an arrangement of lilies-of-the-valley centered with a white orchid. Her only jewelry was a pearl necklace, a gift of the bridegroom. All the familiar traditions were observed.

Miss Pat Slusarek was maid of honor. She wore a ballerina length gown of poudre blue net ruffles and lace over a taffeta skirt with a matching jacket. Her headband was of yellow flowers and net and she carried a Colonial bouquet of yellow carnations.

Richard Swiger, brother of the bride, served as best man.

The bride's mother was attired in a black suit with white accessories. The bridegroom's mother wore a Navy blue dress with white accessories. Both wore corsages of white carnations.

A reception immediately following the ceremony was held at the home of the bride's parents. A three-tiered cake centered the buffet table with candelabra on either

Too Much Talent Goes To Waste

In recent months, public attention has been turned to finding and developing gifted children. With more scholarships available

Youths with sufficient interest, ambition and will to work. This failure often reaches back to the child's earlier years when, more often than not, the parents were the chief delinquents.

May those experts who have advised parents to expect their children to do only what they feel like doing are not without guilt.

ANSWERS YOUR PROBLEMS

they keep him out of the control tower!

Blind Spots

Dear Ann: I'm 17 and a high school senior. Yesterday I received a letter from my boy friend who is in the Air Force. The letter started "Dear Ruth." My name is Eleanor.

The letter contained proof that Ruth is more than just a friend. He referred to mint-flavored kisses, kitten-soft hands and magic embraces. He spent a lot more time on that letter than on any letter he ever wrote to me. It was neatly typed with no mistakes. My letters from him are always so messy I have trouble reading them.

I went steady with this fellow all last year. We talked about marriage when he gets out of the service. If I hadn't seen this with my own eyes I'd never believed it.

What shall I do? Is it best to continue to write and pretend I know nothing of Ruth? Or shall I cut him cold and let him sweat? —E.K.

Send your former boy friend the "Dear Ruth" and enclose a "Dear John." Make it plain you're removing yourself from the picture so he can devote himself exclusively to literary gems for Ruth, who obviously means a great deal to him.

The odds are good that since you got a "Dear Ruth" she received a "Dear Eleanor." This means a lash-up on both fronts which could result in a two-way calamity — for him. You said he's in the Air Force? Let's hope

A gentleman has been taking right on the boxer he never recognizes himself as the philanderer, the jerk, the inconsiderate, self-centered guy that he is.

I've put up with his running around, tolerated his insulting family, rubbed his pounding head (hangover), scratched his back, kept a clean house, cooked good meals and raised his children without complaint. Why do I stick? Because marriage means forever as far as I'm concerned.

I wonder how many other women feel as I do when their husbands say to them, "Honey, look at this in Ann's column today. Isn't it rich?" I wonder how often they feel like saying, "Look, you big stiff, that guy is just like YOU. Why don't you read the orange blossoms?"

Dear June: Don't feel guilty. The real problem isn't her attachment to you, Mother. She's been wasting her years on an impossible situation and has cut herself off from other prospects. These men who use their mamas as an excuse for the birds — the loons, that is. I hope your daughter wakes up before she's too old and tired to smell the orange blossoms.

Board Awaits Recount's Bid On Bond Issue

New Waterford village officials are expected to file an application today with the County Election Board seeking a recount of returns in the Nov. 4 general election in which a proposed \$35,000 bond issue for a sewer system apparently was defeated by 5 votes.

The village officials indicated last week they would seek the new tabulation after the count showed the issue fell short of a required 55 per cent affirmative vote, with 125 in favor and 110 in opposition. The village has only one precinct.

Meanwhile, reports circulated that a special election or a recount may be sought in the Fairfield-Waterford School District, where a proposed \$550,000 bond issue to construct a new central high school was rejected by a 70-vote margin.

Individuals residing in the district have discussed the possibility of asking a recount and the question of a special election also has been aired. In the district's 8 precincts, the issue was rejected with 674 favorable votes and 677 in opposition. It received a 49 per cent vote, although a 55 per cent affirmative poll was required.

The money would have been used to construct the new central school at a point about midway between the present high school in Fairfield and the junior high school in New Waterford. Questions arising out of the bond issue's defeat may be discussed at a meeting of the Board of Education Thursday night at 8 at the New Waterford School. The district lies inside Franklin Township except for a few voters in Unity Precinct of Unity Township.

Irondale Driver Held; 3 Others Forfeit Bonds

An Irondale motorist was fined and jailed for drunken driving and three others forfeited bonds in Mayor William J. Shoub's court at Wellsville Monday.

Robert Thomas of Irondale was fined \$200 and costs and sentenced to three days in jail on the drunk driving charge. He was arrested early Sunday morning on Main St., Wellsville police said.

Gerald Felton, 20, of Wellsville R. D. 1 forfeited \$50 for reckless operation and \$20 for driving without a license.

Paul Hemsley, 20, of R. D. 1 forfeited \$25 for reckless operation and Charles R. Chaffin, 38, of 737 Midland Ave. Midland, forfeited \$10 for improper backing.

Felton, Hemsley and Chaffin were arrested by the Lisbon State Highway Patrol following a accident over the weekend.

East End Legion Sets Veterans Day Dinner

Plans for a Veterans Day banquet to be held Saturday at 6 p.m. were completed at the meeting of the American Legion Post 374 in East End Monday night.

The auxiliary will serve the dinner.

The principal speaker will be Atty. G. William Brokaw, Columbiana County prosecutor. Louis Krawiec, commander, will be in charge of the program.

Maintenance Accepted For 3 Township Roads

Industry Township's Board of Supervisors met Monday night in the Industry School and agreed to accept maintenance of three roads.

They are Torcass Way, in the Torcass Plan; Allison Dr. and the upper portion of Upland Dr. in the Ohioview State Plan.

It was reported that three loads of ashes for winter use had arrived from the Westinghouse Co. plant in Beaver. The township will receive additional cinders when available, Guy Lang, secretary, announced.

Clyde Knight, chairman of the planning commission, reported that a second meeting was held with the Midland Planning Commission. Clyde Plquet has been appointed to replace Charles Peacock at the township commission, he reported.

The next meeting is Dec. 1 in the school.

Loot Returned After Entry At Taft Building

Most of the minor loot taken in

a weekend burglary at the Taft School in Maplewood has been returned to school authorities after it was found abandoned here near Riverview Cemetery, police said today.

The most valuable piece of stolen property, a fire extinguisher, was among the loot discovered by a cemetery employee, officers said. The entry was made by breaking a pane of glass in a rear fire escape door. The burglary was reported to police Monday at 6:44 a.m.

In the second grade room, the intruder took a carton of stamp pads, a roll of scotch tape, lesson plan books, a small black notebook, candy, phonie cards and record cards, officers said. In the third grade room, the thief removed paper clips, a stapler and two boxes of Scotch tape.

Meanwhile, another minor theft and a vandalism case were reported to police yesterday afternoon.

The American Wrecking Co., 767 Dresden Ave., told police an auto battery worth \$5 and a car radio valued at \$4 were taken from its yard between 5 p.m. Saturday and 9 a.m. Monday.

A rear window was broken in an auto owned by Bonnie and Clyde Mort, 718 St. Clair Ave., while it was parked in Daisy Alley, police were told at 1:21 p.m. yesterday.

The officers will be guests of Robert H. Wolf, publisher of the Columbus Dispatch. While a Youngstown police officer, the director was graduated from the FBI Academy and later took several post-graduate courses.

Crash Blamed On Driverless Car's Drifting

A parked auto apparently drifted from its parking place and damaged another driverless car Monday at 10 p.m. at Washington and E. 3rd Sts., police said.

A parked 1953 sedan owned by Floryna Hall, 242 Ridgeway Ave., was damaged on the right side and front when hit by a 1956 auto which had been parked on E. 3rd St. by Dr. J. Keith Rugh, 112 Ohio Ave., police said. The 1956 auto was the side of the physician's auto was damaged.

Dr. Rugh told police his auto apparently "jumped out of gear" after he left it on E. 3rd St. and struck the Hall car, which was parked at the Buckeye Inn at the intersection.

A skid was blamed for a crash Monday at 6 p.m. on Pennsylvania Ave. It damaged a 1956 truck operated by Charles G. Claypool, 29, of 1127 Harker Ave. and a 1955 sedan operated by Dan C. Henderson Jr., 16, of 1249 Erie St., police said. The youth's car slid into the rear of the truck, police said.

Another crash at 12:50 p.m. Monday at 5th and Market Sts. damaged two turning vehicles — a 1955 truck driven by Ronald W. Williams, 33, of Glenmoor and a 1953 two-door sedan operated by Charles F. Flock, 71, of 827 Lisbon St., police said.

Workers for the event will include Mrs. Ronald Brozic, Mrs. O. N. Carter, Mrs. James Curry, Mrs. John Dominic, Mrs. Alex Frederick, Mrs. Louis Gengarella, Mrs. John Gypalo, Mrs. Jack Haggerty.

Borge Warms Up For Nov. 29

Pianist - humorist (and part-time poultry man) Victor Borge, who built a career on quips rather than cadenzas, is warming up in the bullpen for another round before CBS cameras Nov. 29.

Mark the date well, because a Borge show is always a TV event, unless you don't like his humor, and anybody who doesn't is an old Scrooge who should be haunted by Marge's ghost.

To date, Borge has never "missed" on television, and he probably never will, chiefly because he is in the unique position of a comedian who doesn't need it.

"TELEVISION is for an enormous number of people a job — bread and butter," he says. "To me it means exploitation once in awhile, when I have something to do."

We attempted to learn what Borge has found "to do" this time and he described one segment, but against his better judgment ("I'd like the show to be a surprise").

"I'm going to have the honor," he said, "of accompanying Alicia Markova with the first movement of 'Moonlight Sonata.' Four minutes of that would be a TV first. Then we'll have little bits and things, with no particular names."

"Names?" he repeated reflectively. "Why this preoccupation with names? In television they buy names, then they wonder what to do with them, and most times it's not very good. There should be a reason for casting a name. Otherwise, who cares?"

BORGE IS LUCKY. He happens to work for a sponsor (Pontiac) that gives him carte blanche, not to mention a piece of Ft. Knox, whenever he agrees to perform on television.

It's said he is paid an unprecedented sum (something like \$200,000 per special, and we asked him about it).

"Well," he rejoined, "I like to believe in myths. However, it's not true."

"Certainly I am given a generous bundle from the sponsor, but it's also true that out of it comes the money for a 40-odd-piece orchestra, arrangements, conductor, guest stars, a producer, director, an assistant director, a stage manager, cameramen, a team of writers, a battery of lawyers, publicity men and agents, not to mention little items like renting the theater, scenery, workmen's compensation and, of course, income tax!"

"In the end, there isn't much money left, but you have a lot of prestige because everybody thinks you got the \$200,000 all for yourself."

He chuckled. "In a way, it's a healthy circulation."

BORGE HAS many ideas for television, not the least of which

City Mishaps Damage Cars

Property Loss Heavy In Weekend Series

No one was injured but considerable property damage resulted from three auto mishaps over the weekend, police reported.

A crash at 2:49 p. m. Saturday on Lisbon St. involved a 1958 truck operated by Allen G. Goodwin Jr., 35, of 7th Ave., LaCroft, and a 1952 sedan driven by Delmar C. Smith, 47, also of LaCroft, officers said.

Smith told police he was headed up the hill when his car struck a boulder or rock and he slid into the path of Goodwin's truck.

The front bumper, grill, fenders,

tire, wheel, axle, spring and fender panel of the truck were damaged, along with the left front fender, grill, wheel and hood of Smith's car, police said.

Heavy damage was caused to the rear end of a parked car owned by James McMullin, 33, Tip Top Alley, at 8:32 p. m. Saturday on E. 8th St., police said.

Mcmullin reported the damage was caused by a hit-and-run driver.

The police report showed the car was struck by a truck owned by Wayne Powell, 31, Campground Rd., Wellsville. There was no apparent damage to the truck, they added.

A collision at 6:35 p. m. Sunday on Lincoln Ave. resulted in only slight damage, officers said.

A car driven by Carol Lynn Koenig, 18, of Fairview Rd., Chester, was damaged slightly in a crash with a car operated by Paul Robert Groubert, 17, of 611 College St., police said. There was no damage to Groubert's auto, officers said.

"It would of course, not be a comedy show, but the audience would find a smile here and there. 'Why not? Our greatest gift is the ability to smile, to laugh. Our maker made us all funny.'

JACK PAAR, a little overcome with the royal reception accorded him and his TV crew in Hollywood, will extend his visit to a third week. Ironically, just five years ago, a broke and hungry Paar left Hollywood vowing he'd never return. He must be thinking what a difference success makes.

Reversing the procedure of "Gunsmoke," which went from radio to TV, "Have Gun, Will Travel" becomes a CBS Radio feature late this month . . .

Sen. Jacob Javits and Mrs. Javits began a weekly radio program on WINS Sunday at the yawning hour of 8:45 a.m. . . .

Just for a change of pace, Jackie Gleason turns his comedy show into an all-musical program Dec. 19, featuring excerpts from his latest albums of mood and jazz music.

Judge Tobin To Speak For Banquet Of Legion

Judge Louis Tobin of the county Juvenile and Probate Courts will speak at a Veterans Day memorial banquet of American Legion Post 104 tonight at 7 in the Memorial Home. About 100 are expected.

Prosecuting Atty. G. William Brokaw will be toastmaster. The invocation and benediction will be by the Rev. Carl Beighley of the Calvary Methodist Church. Ernest Lowe, commander, will preside.

Taps will be sounded by Donald Smith of the high school band. The dinner will be prepared and served by the post auxiliary.

2 Youths Caught After 30-Mile Chase In Utah

EPHRAIM, Utah (AP) — Two youths drove off Monday when a service station attendant tried to collect for a tankful of gas. Police caught them after a 30-mile chase through central Utah, which ended when officers shot out the tires on their car.

The fugitive car sideswiped a Highway Patrol car at a road-block near Nephi, after cutting across desert country to avoid pursuit. One officer shot at the car and punctured its rear tires.

Officers identified the youths as Williams Henry, 16, and Donald Vershack, 14, both of Mentor-on-the-Lake, Ohio. They were returned to Ephraim for transfer to juvenile court.

7 Thorofare Employees To Receive Wage Boosts

Seven employees of the meat department of the Thorofare Market on Pennsylvania Ave. will receive wage increases under a new contract signed between the Pittsburgh headquarters of the grocery concern and Local 424 of the Meat Cutters & Butchers Workers' Union.

The contract grants a 15-cent hourly increase to meat department managers and assistants and 11½ cents an hour to both meat cutters and wrappers after two years experience. The increase establishes 40-hour weekly salaries of \$143 for managers, \$114 for assistants and \$107.60 for meat cutters.

Deficit Seen For 1957-59

Education Board To Ask 439 Million For 1959-61

COLUMBUS, Ohio (AP)—To allow everything the State Board of Education has in mind, the next Legislature may have to appropriate close to a half-billion dollars.

The board has agreed to ask for a budget of about 439 million in the 1959-61 biennium. But an \$8½ million dollars deficit is expected in the school foundation program for this 1957-59 biennium. To make up the \$8½ million deficit would boost the appropriation to 447.4 million.

As outlined at the monthly meeting Monday, the two-year budget which will be submitted to the General Assembly is higher in almost every detail. It includes:

Some \$406,925,000 for the 1959-61 school foundation program (operation of schools and transportation), compared with \$367 million in the present biennium.

Fifteen million for new school construction, five million more than for 1957-59.

Five million for rehabilitating existing buildings; nothing appropriated last time.

About 4.4 million, to be matched with federal dollars, for improving vocational and technical programs and the state's research and statistical services; strengthening instruction in foreign languages, science and math, and for guidance, testing and counseling.

And \$7,644,870 (compared with \$4,372,961 this biennium) for operating the department and adding 39 professional and 19 clerical employees; vocational rehabilitation for physically disabled adults (in which federal funds play a large part), and operation of schools for the blind and deaf in Columbus.

But, despite the five-hour-plus session, the state board will find some familiar problems waiting when it convenes again Dec. 8.

There's the question, for instance, of whether the 21 high schools operated by the Amish in Ohio are meeting minimum state standards. If they're not, the state can close them—an action which is already under way in Hardin County, where the prosecutor's office filed suit Monday.

So far, state education officials haven't been able to get the information they want. Their latest attempt, a request for reports from the Committee for Amish High Schools by Oct. 20, went unanswered until Oct. 29, when the committee chairman, Henry J. Hersberger, said the forms had not been completed, but would be filed before Monday. Officials said they were not received.

As a result, the Division of Elementary and Secondary Education was directed to inspect some of the Amish schools.

Tabled until next month was the matter of a reorganization survey in Fayette County, opposed by the county and Miami Trace (area outside city of Washington Court House) boards and favored by the city board. Opponents contend it is holding up sale of bonds for a new Miami Trace high school.

The board Monday:

Took the unusual step, usually reserved for new construction, of allowing an additional \$35,000 to

Dawson Bryant Local School District in Lawrence County for remodeling an existing building.

Reduced, because the appropriation this year is the same as last but the number of pupils higher, the amount of transportation aid per pupil per school year in each district by a dollar.

Agreed to let 72 two-room schools (22 less than last year) come under the foundation program, as well as 37 one-room schools (four less).

Gave charters to: Niles Junior High, Ironton High, Riverside High and John R. Williams Junior High (Painesville Twp.), Northwest High (Scioto County), Beachwood Junior High (Cuyahoga County), and Monroeville High (Huron County).

Heard 38 recommendations by a 25-member advisory committee on curriculum and teaching set up last Dec. 9. The proposals, which in most cases go to the board's legislative committee, include:

Assign teachers only in those areas of instruction in which they have been certified.

Establish a set of optimum standards and then let schools rate their own educational programs against the standards.

Look into the possibility of providing two years of education beyond the high school at public expense.

Seek legislation permitting state-owned colleges and universities to set up reasonable scholastic standards for admission to teach education programs.

Ask for additional state money to help school district improve their educational programs.

Bring science and mathematics programs up to date, and give teachers in-service training in those subjects.

Require four years of English and two years each of mathematics, science and social studies for all college preparatory programs; where possible, encourage students preparing for college to take four years of English and three years each of mathematics, science, social studies and a foreign language.

Consecration Of New Bishop Telecast In Southern Ohio

CINCINNATI (AP)—Episcopal faithful in southern Ohio today got a chance to look in on the solemn, colorful ceremony of consecration for their new bishop-elect.

He is the Rt. Rev. Roger W. Blanchard, ordained in his new post in the age-old ceremony of consecration, rich in church tradition.

The ceremony, at Christ Episcopal Church here, was telecast through three outlets in the southern Ohio diocese—Cincinnati, Dayton and Columbus.

Bishop Blanchard, onetime football star for Boston University in the early 1930's, will automatically succeed the Rt. Rev. Henry Wise Hobson as chief pastor of the diocese when Bishop Hobson retires next spring.

The Rt. Rev. Henry Knox Sherill, presiding bishop of the Episcopal Church in the U.S., served as consecrator in the ritual.

It was one of his last official

duties. Bishop Sherill will retire next Saturday after 11 years as titular head of the Episcopal Church in this country.

Bishop Blanchard will take over a diocese comprising 40,000 laymen in 80 congregations, with 100 priests and pastors.

The 48-year-old clergyman has been dean of St. John's Cathedral, Jacksonville, Fla. Before that he served for six years as executive secretary of the college work division of the Episcopal Church's national council.

Bishop Blanchard also served as pastor of churches in Columbia, Mo.; Beverly, Mass., and Lynn, Mass.

Bishop Hobson and the Rt. Rev. Edward Hamilton West, bishop of Florida, served as co-consecrators in today's ceremonies.

The consecration ceremony began at 10 a.m. and was followed by a service of holy communion.

It ended with a special prayer asking blessing on the new bishop.

in the ballroom of the Fort Steuben Hotel.

Hamill was selected as the 10th recipient of the Poverello Medal for his dedication to the service of others. Long known throughout the Pittsburgh diocese as "Mr. Holy Name," he has served continuously on the executive board of the society since 1918.

Woman Asks \$100,000

LISBON—Mrs. Elsie M. Boger of Salem R. D. 4 filed suits Monday in Common Pleas Court for \$50,000 each against Mrs. Goldie K. Schwartz of Salem and the Riley Construction Co. of Alliance. Mrs. Boger claims an eye injury while passing the Schwartz property Nov. 13, 1956, on which the contractor was working.

Steubenville College To Honor Pittsburgher

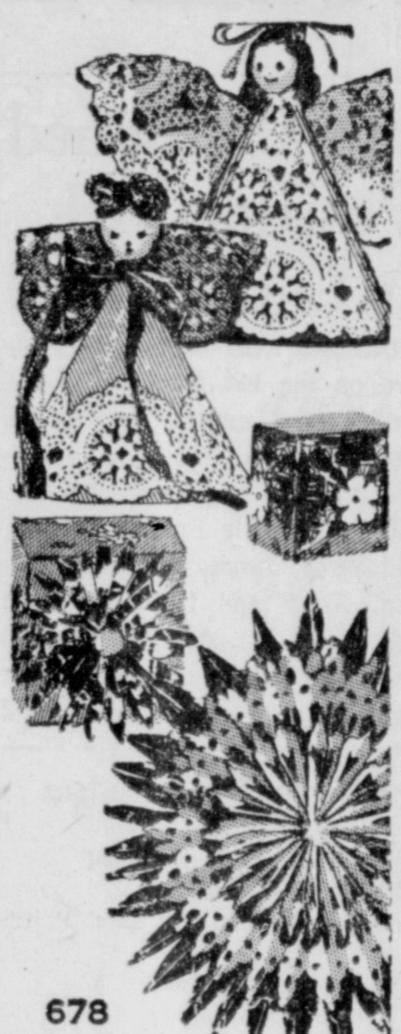

STEUBENVILLE — Daniel M. Hamill, president of the Pittsburgh Paper Products Co. and an outstanding Catholic layman of Pittsburgh, will be awarded the Poverello Medal by the College of Steubenville at its annual Founders Day dinner Dec. 7.

The Poverello Medal is named in honor of St. Francis of Assisi, Patron of The College of Steubenville, who was called "el poverello" (the poor little man) by the inhabitants of Assisi, Italy, because of his modest personal poverty and his intense love and work for God's poor.

Akron Man To Be Speaker

Wellsville Sets Teacher Workshop

Robert Walker, child guidance director of Akron schools, will be guest speaker at the first of four scheduled workshops Wednesday afternoon for teachers of the Wellsville school system.

Plans for the program were outlined by Supt. S. E. Daw during the Board of Education meeting Monday night. Daw said school will be dismissed at 2:30. The workshop on guidance will follow at the high school.

Anyone interested is invited to attend. Daw said records of each sophomore will be made this year as to his or her likes, wants, aims, interests, etc.

THE STUDENTS will be interviewed. From the records compiled, the instructors will be able to offer proper guidance along the line of work they plan to pursue.

"We then plan to do the same for each incoming sophomore class," Daw said.

The board authorized the payment of \$30 to bring Walker as the speaker.

The Teachers Association will hold a reception for new teachers

Wednesday at 6:30 p. m. at the Central Methodist Church. A cordial dinner will be served.

The board fixed the rental of the general purpose room at MacDonald School at \$5 a night for school and church basketball teams.

Half of the money will be given the janitor on duty and the other half will be for light and heat.

Donald Wellington, board member, remarked he would like to see the gymnasium at MacDonald used more by organized church or community teams.

He also entered a complaint to Daw that the gym was not being used enough by the pupils at MacDonald. Each class is given 15 minutes each week, but at times the entire class is kept out of the gym as a disciplinary move by the teacher, it was explained.

Alliance Again Rated No. 1 Team In Ohio's Football Poll

Salem's Voted To 12th Spot, Palestine 15th

By FRITZ HOWELL
Associated Press Sports Writer
COLUMBUS, Ohio (AP) — Alliance's Aviators, with a rousing 76-0 victory over Akron Hower, clung to the top spot today in The Associated Press ratings of Ohio's high school football teams.

At the same time a new individual scoring leader, Kenny Johnson of Class AA New Concord, popped into the picture. Kenny, a 155-pound senior, scored 32 points Friday in a 53-14 win over Cambridge to run his nine-game total to 194, best in the state. He goes against Philo today with a chance to enhance his record which is still far off the state record 323 points manufactured in 1952 by Chauncey-Dover's Hubert Bobo.

Three of last week's top 10 teams went down to defeat and fell from the elite list. Newark (5) was a 14-0 loser to Marietta, Portsmouth (9) dropped a 12-8 decision to Ironton, and Toledo Central Catholic (10) was nosed out 34-8 by Toledo Libbey.

Youngstown East, after a week's absence, moved into eighth place, Toledo DeVilbiss to ninth and Parma to tenth to fill the vacancies.

Marion Harding, 34 poll points back of Alliance last week, wound up with a 20-0 win over Sandusky and cut its deficit to 29. Cleveland Cathedral Latin retained third with a 34-16 victory over Cleve-land Benedictine. Massillon held the fourth spot with a 36-0 verdict over Akron Garfield.

Springfield's Wildcats, 69-0 victors over Toledo Macomber, moved up a notch to fifth, and Elyria advanced to sixth by edging Lorain 12-8. Dayton Fairmont, joining Marion Harding and Parma as the only unbeaten-united teams in the top 10, whipped Greenville 37-6 to advance to seventh.

The final poll, the 47 sports writers participating in the voting decided, will be taken after next weekend's contests despite the fact a few scattered games remain. The victor will win a leg on the Rutgers Hall of Fame Championship Trophy, which must be won three times for permanent possession. The cup goes annually to the team winning The Associated Press Poll.

FROM HERE AND THERE: Columbus Rosary defeated Co-lumbus University 20-0 to wind up with a perfect eight-game record. Rosary won 'em all, scored 355 points and allowed none. Fullback Pat Canini scored all three Rosary touchdowns for a 99 season's total.

Newark, despite its lofty poll spot, was held to three first downs and a net of six yards by Marietta which had lost four of eight.

Ashland, which had lost seven straight, came up with a huge surprise by ending Galion's 19-game unbeaten streak 22-20. Ed Ulmer of Br o o k f i e l d s cored 2 points against Hubbard and finished with 152 as the team won its eighth straight. Once-beaten Youngstown East grabbed the city title by beating Woodrow Wilson 14-6.

Salem beat Leetonia 21-8 for its fifth straight and a 7-2 record. Halfback Ralph Ehrhart was the standout this year for Salem with 959 yards in 120 tries for 72 points. Bob Osterling of Leetonia carried 296 times for 1,463 yards this season, piling up 101 points.

Parma notched its first unbeaten season in history by swamping Berea 24-8.

William Mallory, in his first year as a coach, has piloted East Palestine to eight straight with a 230-70 scoring edge.

Alliance scored a safety on the kickoff and touchdowns on its first two plays from scrimmage to run up an 18-0 lead in the first three minutes against Akron Hower. Eight backs contributed the 10 touchdowns as the Aviators hung up their fifth straight shutout and sixth in nine games.

Quarterback Art Tuel of Sebring (5-3-1) has completed 94 of 184 passes for 1,333 yards and 11 touchdowns.

Elyria, beaten only by Marion (22-16), finished with 8-1—the best the school has done since Vic Janowicz led the Pioneers to an unbeaten campaign in 1947.

Massillon and Canton McKinley meet Saturday for the 63rd time, and 22,000 will be on hand. Both coaches, Leo Strang of Massillon and Jim Robinson of the Bulldogs, are newcomers to the series. Massillon has won 30, lost 27 and tied five of the previous games.

Ron Witchey of Mansfield Madison has completed seven touchdown passes to end Ray Peterson. He's connected on 29 of 42 tosses for 439 yards and eight touchdowns, has run 552 yards for a six-yard average and scored seven touchdowns as Madison won eight of nine.

Here's How They Rate Ohio's Football Teams

COLUMBUS, Ohio (AP)—Here's how 47 sports editors, 33 from newspapers and 14 from radio-television stations, rate Ohio's high school football teams this week in The Associated Press poll. Shown are the poll points on a

Bears Pacing PCL In Race To Rose Bowl

SAN FRANCISCO (AP) — It may become hopelessly muddled later, but at the moment the Pacific Coast Conference picture shows California clearly leading the race to the Rose Bowl.

The Bears, with a 4-1 mark, are the only PCC football squad having just one conference loss. Three other schools each have two defeats but they have an outside chance.

California is the favorite, despite the reluctance of Bear Coach Pete Elliott to accept the role. He's worried about this Saturday's contest with Washington.

Washington meets the Bears in Seattle, but California is favored. If Cal goes according to form and tops the Huskies, it looks as if the Bears will meet Iowa in Pasadena New Year's Day.

After Washington, Cal takes on Stanford in the season closer. California's three challengers, Washington State, Oregon State and Southern California, have rough going to overtake the Bears.

WCS, with a 5-2 record, has one conference game left. The Cougars meet Washington neutral ground to end their PCC season. Should they win as expected and Cal lose one or both its closers, the Cougars will have a shot at the roses.

Oregon State, 4-2, must face Stanford at Palo Alto and Oregon at Oregon's home in Corvallis. State should be favored in both contests.

Alaska scored a safety on the kickoff and touchdowns on its first two plays from scrimmage to run up an 18-0 lead in the first three minutes against Akron Hower. Eight backs contributed the 10 touchdowns as the Aviators hung up their fifth straight shutout and sixth in nine games.

Quarterback Art Tuel of Sebring (5-3-1) has completed 94 of 184 passes for 1,333 yards and 11 touchdowns.

Elyria, beaten only by Marion (22-16), finished with 8-1—the best the school has done since Vic Janowicz led the Pioneers to an unbeaten campaign in 1947.

Osterling Appears Certain To Win District Point Title

Though fullback Bob Osterling of Leetonia failed to score in the final appearance of his high school grid career against Salem last Friday, he is still almost certain to be the district's leading scorer for 1958.

Only Lisbon's Denny Reese, who is in fourth place with 68 points, has even an outside chance to catch the Leetonia scoring ace. To the Osterling, he would need to rugged opposition, was 19 points shy of the scoring total compiled by East Palestine's Beau Bell when he won the scoring race last year.

Finishing with 101 points, Osterling, the 175-pound driving fullback who was a key figure in the Bears respectable 4-1 campaign against rugged opposition, was 19 points shy of the scoring total compiled by East Palestine's Beau Bell when he won the scoring race last year.

Phil Cullen of New Cumberland, which concluded its season two weeks ago, clings to second place with 80 points.

Salem's elusive halfback, Ralph Ehrhart, who ran up most of his points in late-season games, finished with 11 touchdowns and three extra point runs for a 72-point total. He is in third place this week, but leads Reese by only four points.

Ehrhart's teammate, Lou Slaby, scored two touchdowns and an extra point for a concluding total of 54, earning him the sixth position.

Ahead of the bruising 200-pound Quaker fullback, is East Palestine speedster George Morris, who has 64 points.

In seventh place is Salineville fullback Rich Dunlap with 48. The capable pass receiver and runner will have no more scoring opportunities as the Indians have completed their schedule.

Midland halfback Nick Vuckovich, who led the balanced Leo attack this year, will have no further opportunities to increase his 42-point total either. He is tied with Lisbon's Chuck Brooks, a newcomer to the top 10 scorers this week who will have one more chance to improve on his scoring output.

Ranked 10th is Ken Sayre of Chester, with 39 points. The versatile halfback, who is only a junior, will make his last appearance of the season against Follansbee Friday.

East Palestine's talent-laden Bulldogs, who have displayed both offensive and defensive prowess in their eight straight wins this season, have a golden opportunity to finish as the district's only unbeaten team.

Early disposing of rival Columbian last week, East Palestine has only to defeat an outclassed Bellaire St. John's eleven Friday to conclude a perfect season.

Salem wound up with a victory and its 7-2 mark is the second best in the district. The potent Quakers also rolled up 249 points in nine games, the highest offensive team total in the district.

Holding hapless Freedom to a single touchdown, Midland clinched the best defensive record of district teams. The stingy Leopard defense allowed opponents only 53 points in nine games.

Midland's 6-2-1 record is third best of the 17 district teams.

Pitt Mentioned Possible Pick In Cotton Bowl

DALLAS (AP) — Seven schools are on the list from which the Cotton Bowl expects to pick its visiting team but which is the hottest prospect isn't being revealed. Two Face Real Tests

LSU, Iowa, Army Still Rank 1-2-3

By The Associated Press

Louisiana State, Iowa and Army still rank 1-2-3 in The Associated Press college football poll this week but two of the three face real tests in their games this Saturday.

The No. 1 Louisiana State Tigers, fresh from a 50-18 romp over Duke, tackle a Mississippi State eleven which could cause considerable trouble, and Iowa faces a frustrated Ohio State team which will try to regain a little of its lost prestige by knocking off the newly crowned Big Ten champions.

Only Army has what might be called a breather. The Cadets, who defeated Rice Saturday by virtue of a long hope pass in the final minutes, take on Villanova, which is not figured to cause too much trouble.

Only one team of the top 10 a week ago failed to be voted into that select group this week by its sportswriters and sportscasters taking part in the poll. Northwestern, losing to Wisconsin, dropped

to 13th place. The Wildcats were fourth last week.

Texas Christian moved up from 11th to ninth on its 36-8 victory over Marquette.

Louisiana State got 95 first place votes in piling up 1,532 points this week. Iowa was a first choice of 52 voters, and its 1,441 points gave it a comfortable margin over Army, which got 999 points without a first-place vote.

The top 10 teams, with the first place votes in parentheses:

1. Louisiana State (95) ... 1,532

2. Iowa (52) 1,441

Irish Horse Picked To Win International

LAUREL, Md. (AP) — The \$100,000 Washington, D.C. International will have its seventh and greatest running today with Ireland's Ballymoss favored to become the 1958 horse of the world.

Ten horses from seven countries were invited to the snooty mile and one half global gallop on Laurel Park's sharp-turn grass oval. With the finest field ever lined up for the race, worldwide interest has mounted to a peak for the annual Veterans Day battle.

Good weather could lure the biggest crowd in Laurel history. The record is 33,715, set in 1956 when France's Master Boing won the International.

Ballymoss has the credentials, and looks the champion. However, no favorite has yet won the race, which is the final jewel in a world crown. Ballymoss can complete the sweep for his Philadelphia owner, John McShain. The colt won Europe's two richest races, the King George VI and Queen Elizabeth Stakes at Ascot where he collected \$66,197, and the Prix de L'Arc de Triomphe at Longchamp where he netted \$106,190.

Although early odds listed Ballymoss the 6 to 5 favorite, latest word from London was that he was quoted as a 4 to 5 shot.

There are big question marks from all corners of the world, including two Soviet 3-year-olds who have emerged from behind the Iron Curtain for a crack at the Western thoroughbreds. Garnier and Zaryad will run as an entry at odds of around 20 to 1. Garnier won the Moscow Derby, Zaryad was runner-up.

Post time is 3:45 p.m. and a taped film of the race will be televised — NBC — from 4:30-5 p.m. EST because air time couldn't be cleared for a live show.

World-Wide Radio Set For International Race

LAUREL, Md. (AP) — The running of the \$100,000 Washington D.C. International today will be carried by radio around the world, and with moving picture films to be shown on TV in three countries.

NBC, unable to clear air time for the grass classic, will tape the race for later TV network showing at 4:30 p.m. EST, about 45 minutes later.

Movies will be flown to London for a showing Wednesday over the British Broadcasting Co. television network, and to Havana, also for showing Wednesday on TV.

Radios in Australia will be turned on at 6:45 a.m. Melbourne time for a live description of the running over a 30-station network of Australia's major broadcasting service.

Voice of America will carry the race to South America and Europe, including East Berlin zone, Laradiotel to Venezuela, Radio Eireann in Ireland, BBC Radio to England, Canadian station CFCF in Montreal, and Europe NRL, the French radio network, to Paris.

Chicago's top racing crowd of the season turned out at Arlington Park on Labor Day when 38,548 fans sought to beat the betting machines.

Three Giants May Miss Tilt With Steelers

NEW YORK (AP) — The batters of the New York Giants took in their grueling victory over the Baltimore Colts last Sunday may have an effect on their game against the Steelers in Pittsburgh this weekend.

Linemen Jack Stroud and Roosevelt Brown and halfback Alex Webster were listed among the injured today with their availability against Pittsburgh questionable. As a result, the Giants are only a four-point favorite to defeat the Steelers.

Stroud, a guard who had been sidelined for several weeks, injured his right knee and definitely will be out of action. Originally, he was sidelined with a strained left knee.

Brown suffered a fractured right cheekbone and was resting at a hospital. Although the break is not serious, the big tackle will be hospitalized for several days.

Webster was in bed at home with a bruised right knee and a swollen right ankle that he said was "pretty bad shape."

Fullback Mel Triplett suffered a slight head concussion and was forced to the sidelines in the second half. The injury, however, is not serious and he is expected to be ready.

In Pittsburgh, it was disclosed that guard John Nisby of the Steelers suffered a rib tear in last Sunday's triumph over Philadelphia. He plans to work out lightly to determine whether he is fit to play Sunday.

Graham Says Football Business, Not A Sport

MILWAUKEE (AP) — Otto Graham, one of the top-ranking quarterbacks in football's history, says that football — college or pro — is a business, not a sport.

Graham, who directed the College All-Stars to victory over the pro Detroit Lions in his first coaching effort last August, spoke here Monday night at an annual sports fans' banquet.

New Haven, Conn. — Jerry Luedee, 165, New Haven, outpointed Eddie Bramlett, 163, New Haven, 8.

Tijuana, Mexico — Raul Macias, 127, Mexico City, outpointed Kid Irapuato, 126, Tijuana, 10.

Philadelphia — Don Warner, 186, Philadelphia, stopped Chubby Norris, 212, Philadelphia, 3.

SALT LAKE CITY — Gene Fullmer, 159, West Jordan, Utah, knocked out Joe Miceli, 153½, New York, 2.

DETROIT (AP) — No matter what his club does in its remaining five games, or where it finishes in the standings, the outspoken George Wilson will be back as head coach of the Detroit Lions. The Associated Press has learned.

It is known the directors of the club wholeheartedly approve of Wilson and have agreed privately that the best interests of the front office and the ball team will be served by his return.

Wilson shot the moon in the 1957 campaign, his first as a head coach in the National Football League. Taking a team Buddy Parker quit, Wilson led the group to a tie for the Western Division title, a victory over San Francisco in the division playoff game and a triumph over Cleveland in the world championship contest.

So far this year, his club has a 2-4-1 record.

Though his club is fifth in the Western Division race, Wilson is not counting it out entirely. The Lions meet the San Francisco 49ers Sunday in the first of four straight Briggs Stadium engagements. The 49ers will be followed by the Chicago Bears, Green Bay Packers and New York Giants.
